

Planning for your pet's health

At Animal Vets we believe in a proactive, preventive approach to your pet's healthcare. We know how important your pet's health is to you and we want to help you keep them happy and healthy for longer. This is why we have designed these Pet Health Plans.

A Pet Health Plan makes it easy for you to protect your pet and your family against preventable diseases and discomfort by making sure your pet's vaccinations, parasite control and general health are all up to date. Regular check-ups and early diagnosis of any potential health issues will help your pet enjoy a long, comfortable life, whilst saving you money and worry too.

Pet Health Plans are not pet insurance: Pet Health Plans include the regular things – like vaccinations, flea, worm and parasite treatments, health checks and advice in an easy monthly payment plan – the things that pet insurance generally doesn't cover. However young or old your pet, a Pet Health Plan is designed to adapt to your pet's needs, from puppy or kitten, to adulthood and throughout its senior years.

A Pet Health Plan is a simple and affordable way to get all of the preventive care that our practice recommends for your pet.

Notes:

- 1) There is a joining fee of £10 per owner (for life), this fee will be collected with the first payment.
- 2) If you cancel at any time other than on an anniversary of joining the plan, you will be required to pay the practice either the outstanding amount for treatment received, or the monthly payments due until the anniversary of your plan, whichever is lower.
- 3) No refunds are payable for any months paid before a pet's death except at the discretion of the practice.
- 4) Plans and prices valid from January 2021.
- 5) The practice may require you to make an upfront payment or pay for treatment before the plan commences.
